

Your OSET Electric Bikes Activity Pack

Loads of ideas and
activities to help keep you
busy and having fun

OSET Home School Challenge

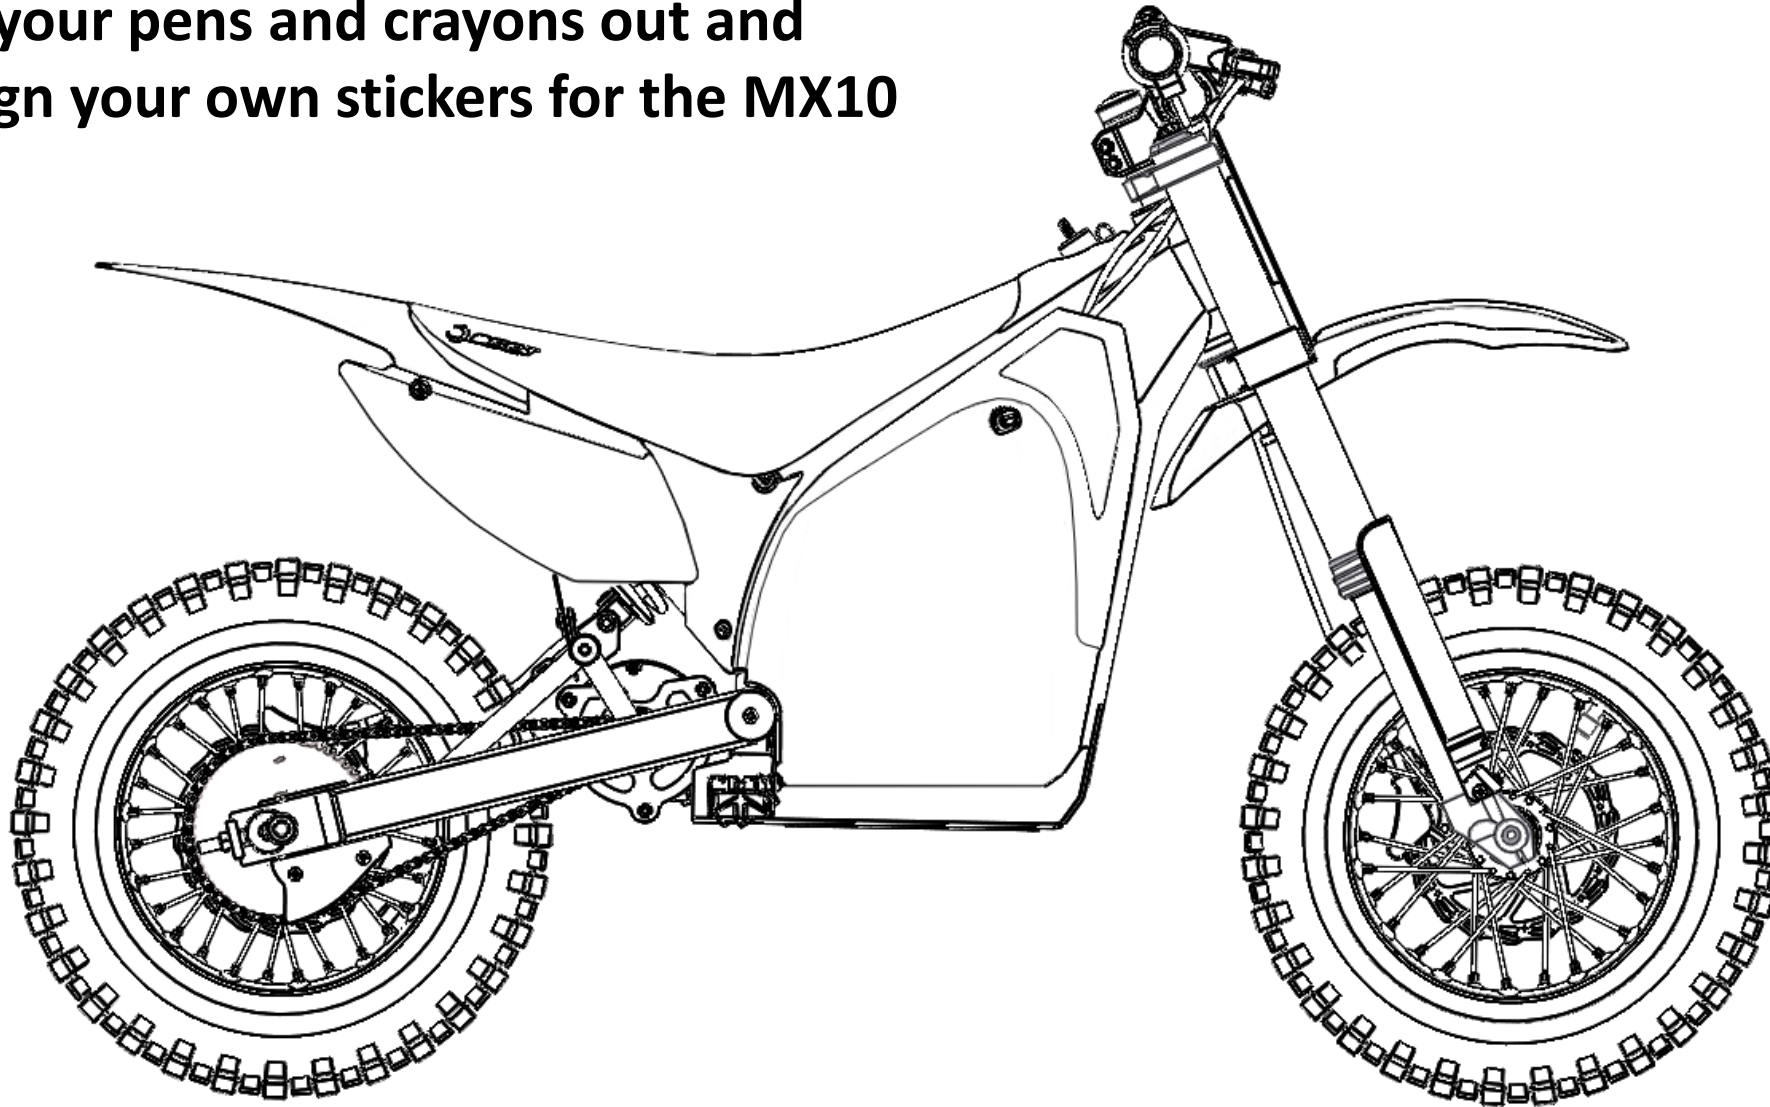

The OSET challenge is designed to help you **be a better rider and have fun while doing it.** Just follow the instructions for each day and tag your photos with **#osetchallenge**

		<u>Lesson 1</u> Tutorial on how to stand on the bike correctly with finger placement on levers as well as feet on pegs. We will also go through turn techniques in this video.	<u>Challenge 1</u> Balance is essential. Using the tutorial, try to stay balanced on your OSET for as long as possible!	<u>Lesson 2</u> Wheelies. Slow, fast or anything in-between. Watch the tutorial and then try yourself. There are many variations to try, which will be the following days challenges.	<u>Challenge 2</u> Slow wheelies: See how slowly you can ride on the rear wheel!
<u>Challenge 3</u> Wheelie into a wall and try to see how long you can balance on the wall for. Oliver's record is X and Elliot's is X	<u>Lesson 3</u> Stoppies. With lots of variations, watch the tutorial to see how to do each one correctly.	<u>Challenge 4</u> Stoppies off of things. Watch the stoppie tutorial to find out more!	<u>Reaction!</u> Reaction time! Oliver and Elliot will sit down and go through your submissions and give tips on how to improve!	<u>Lesson 4</u> Bike setup: After the first challenges, we will go through bike setup for Trials. Once you have made the changes to your bike, go back and try previous challenges.	<u>Challenge 5</u> Design your own riding top. You can get a blank template from the OSET site to use. Remember to send it in to us and post on social.
<u>Lesson 5</u> Bunny Hops: How to get the most lift for obstacles. Challenge yourself to go higher with bricks or other obstacles. Watch the tutorial to learn more!	<u>Challenge 6</u> #cooltrick Heelclicker stoppie challenge. Watch Elliot take on the challenge and how to complete it!	<u>Lesson 6</u> Steps: The fun one! How to get up steps in a variety of ways. Find out which techniques in the tutorials.	<u>Lesson 7</u> How to exaggerate your body movements to trick your body into doing it naturally.	<u>Reaction!</u> Reaction time! Oliver and Elliot will sit down and go through your submissions and give tips on how to improve!	<u>Challenge 7</u> Balance beam challenge! Set up something thin (plank of wood) and try to ride along it, stop, balance and ride off again.
<u>Lesson 8</u> Back wheel hops. An advanced technique that will take a long time to learn. In the tutorial we will go through the steps we took to learn them.		<u>Challenge 9</u> Spend the day on another type of bike. Whether that be MTBs, Trials Bicycle, Unicycle or BMX, it's all good learning!		<u>Challenge 10</u> Challenge time. Try to stoppie and land your rear wheel on a small object like a brick.	<u>Challenge 11</u> Pallet challenge. With a single pallet, try to turn the bike 360 degrees using hopping. This can also be done in a small circle.
	<u>Challenge 12</u> Try to do all of the past challenges in a row. Send a picture or video of your completed sheet to us!	<u>Challenge 13</u> Design your own bike stickers. You can get a blank template from the OSET site to use. Remember to send it in to us and post on social		<u>Challenge 14</u> The ultimate challenge! Try to learn how to roll back on the front wheel. Watch the tutorial and then keep trying. This one will take a lot of trying and crashing; but at the end it will be worth it! First person (under 15) to complete the challenge with video evidence will receive a prize!	What was your favourite day?
